

Canada's Largest Multicultural Festival
Carassauga - Postponed

As we continue to monitor and see the effects of the COVID -19 virus spread, we have been in consultation with health and government officials regarding the best possible options for our festival. With the health and safety of our volunteers and visitors as our top priority, **we have decided that we will have to postpone the Carassauga Festival in May indefinitely.**

Festival for May 22-24, 2020 is postponed!

We are working on the details and plans for an alternate date. The festival will not have the same format and will have to be modified. We are investigating ways to limit the impact on visitor's experience and participation of everyone.

The Health and Safety of all our volunteers and visitors is our Top Priority!

Please stay safe!
