

Festival Thank You

Carassauga Drive-In

THANK YOU!

Canada's largest multicultural festival celebrates its 36th anniversary this year with our first ever, Drive-In Festival of Cultures!!

Thank you for joining us live in the comfort of your own car as we showcased live performance acts from local cultural groups and national recording artists. We had a tremendous lineup of performing arts including Juno award winner Liberty Silver, Mississauga's Rock n' Roll sensation The Dreamboats, Toronto's legendary Kings of Soul the St. Royals and Canadian recording artist with the hit "2 Heads", Coleman Hell.

The safety and wellbeing of our visitors and performers is always our top priority. Protocols and safety procedures were in place to address the ongoing restrictions and limit the spread of Covid-19.

Carassauga Drive-In Festival of Cultures took place August 20th, 21st and 22nd. Featuring 5 shows, with dance and musical performance. What better way to showcase our cultures than by celebrating together. If you missed the show, Carassauga is proud to announce that a virtual show series will premier in September featuring footage from our Drive-In event. "After such a difficult year, we are so thankful for the opportunity and support to celebrate our cultures and bring the community together." Marek Ruta, Carassauga Chairman.
